I wish I could tell you my secrets
My dreams

Never thought of me as sentimental
Never thought of you as just a friend
But now that we are something more than distant
I got a need for you that never ends

No matter how hard I try
I just can't deny it

So I dream, dream, boy, I dream about you
Yes, I dream just to make it through the night
I dream, dream, it's so lonely here without you
Baby, please, only you can make it right
I dream, I dream, boy, I dream about you
About you, about you

Holding on to feelings so strong is a danger
When will the time be right to just give it a try?
I wanna tell you all the secrets but I keep them locked
inside
Here alone, I'm just waiting for a sign

So it's just another night
And I'm here without you

So I dream, dream, boy, I dream about you
Yes, I dream just to make it through the night
I dream, dream, it's so lonely here without you
Baby, please, only you can make it right

Try, I try, try
I'm here without you
Try, try
Still I dream, still I dream about you
I dream when I'm not with you

Yes, I dream, dream, boy, I dream about you
Yes, I dream, just to make it through the night
I dream, dream, it's so lonely here without you
Baby, please, only you can make it right

Dreamed that I fell in love
Dreamed that I fell in love
Dreamed that I fell in love

Dreamed that I fell in love
Dreamed that I fell in love
Dreamed that I fell in love

Dreamed that I fell in love
Dreamed that I fell in love
Dreamed that I fell in love

Dreamed that I fell in love
Dreamed that I fell in love
Dreamed that I fell in love
