Hold me
'Cause this is the ending
I'm bruising
From fighting
Against the time

Tell me
We're always lovers
In transit (lol - yes, in a van (well you come up with the
real thing then!))
In trouble
In silence now

You don't know what love is
I can't salvage what has gone
I'm escaping now

'Cause it won't work out
No sign of love
It's been creeping up on us
And it won't work out
It's over now
Guess I need a little more
'Cause it won't work out
No sign of love
Like the way I can hand you down
And it won't work out
It's over now
I'm escaping now

Listen
I don't wanna hurt you
I'm running
Too many
Tears have fallen here

Lonely
I'm losing my best friend
I've nothing
To give you
It's over now

You don't know what love is
I can't salvage what has gone
I'm escaping now

'Cause it won't work out
No sign of love
It's been creeping up on us
And it won't work out
It's over now
Guess I need a little more
'Cause it won't work out
No sign of love
Like the way I hand you down
And it won't work out
It's over now
I'm escaping now

'Cause it won't work out
No sign of love
It's been creeping up on us
And it won't work out
It's over now
Guess I need a little more
'Cause it won't work out
No sign of love
Like the way I hand you down
And it won't work out
It's over now
I'm escaping now

Hold me
In silence now
