Are you ready?

Falling in love

It was easy for me and for you, oh

Somehow things got rough

Now we can't figure out what to do, no

I can't go on like this

Our love was supposed to last forever, oh

Why do we go through this?

'Cause you know when it's good

There's nothing else better

Are you ready?

Let's just kiss and make up

I don't wanna fight

Let's get together and

Make everything alright

Let's kiss and make up

I need you tonight

Let's get together

Oh, let's get together

I know there's been lies

Yes, we've broken our vows to be true, babe

Let's put the past behind

Don't you wanna start our love anew, oh, yeah

I miss your tender lips

Just one touch gave me so much pleasure

You know your lovin' is so intense

Say that you'll leave me never

(Never, never, never, never)

Are you ready?

Let's just kiss and make up

I don't wanna fight

Let's get together and

Make everything alright

(Let's kiss and make up)
Babe, I need you tonight
(Let's get together)
Ooh, let's get together

Baby, oh, oh
Baby, whoa, whoa, whoa, oh
Baby, ooh, oh
Baby, whoa, whoa, whoa, oh

I can't go on like this
Our love was supposed to last forever
Why do we go through this?
'Cause you know when it's good
There's nothing else better

Are you ready?

Let's just kiss and make up
I don't wanna fight
Let's get together and
Make everything alright

(Let's kiss and make up)
Ooh, I need you tonight
(Let's get together)
Ooh, let's get together

(Let's just kiss and make up)
Let's make up
(I don't wanna fight)
Let's get together and
Make everything alright

(Let's kiss and make up)
Ooh, I need you tonight
(Let's get together)
Ooh, let's get together

Let's just, let's just
(Let's kiss and make up)
Let's just, let's just
Let's just

Let's just, let's just
(Let's kiss and make up)
Let's just, let's just
(Let's get together)

Let's just, let's just

(Let's kiss and make up)
Let's just, let's just
Let's just

Let's just, let's just
(Let's kiss and make up)
Let's just, let's just
(Let's get together)
