Can you feel the power?

In my heart you will see a lasting love forever
Lose control and set me free all the way to heaven
Love can grow in your soul, open up and love me
Only you can be with me, I'm waiting til you show me
I can't forget what we've been through
We made a promise to always be true, I knew you'd be
the one
I could run to and maybe that's why I'm still in love with
you
Changed my tears to joy from pain, brought me in from
Out of the rain, I needed someone to belong to, to hold
on to
And you came to rescue me

Can you feel the power? (Don't walk away)
To never never give up (No no no no)
Reaching for love (Reaching for love)
Can you feel the power? (Don't walk away)
To never never give up (No no no no)
Reaching for love (Reaching for love)

Hold me closer and feel my love, lose control as we
become one
You can use me, do what you want to
Just as long as you keep your loving here with me

Can you feel the power? (Don't walk away)
To never never give up (No no no no)
Reaching for love (Reaching for love)
Can you feel the power? (Don't walk away)
To never never give up (No no no no)
Reaching for love (Reaching for love)

Can you feel the power? (Don't walk away)
To never never give up (No no no no)
Reaching for love (Reaching for love)
Can you feel the power? (Don't walk away)
To never never give up (No no no no)
Reaching for love (Reaching for love)

(Oh oh oh yeah) (Can you feel it? Can you feel it?)
(Feel the power, feel the power, feel the power)

I want to be the one you run to in your time of need
I'll be there, you can count on me, love's power keeps
me
Holding on, I know with time it can only get stronger
And if we want to make it last longer we'll have to learn
To forgive and forget, you've got the power to set me
free
That's the way love's supposed to be

Can you feel the power? (Don't walk away)
To never never give up (No no no no)
Reaching for love (Reaching for love)
Can you feel the power? (Don't walk away)
To never never give up (No no no no)
Reaching for love (Reaching for love)

Can you feel the power? (Don't walk away)
To never never give up (No no no no)
Reaching for love (Reaching for love)
Can you feel the power? (Don't walk away)
To never never give up (No no no no)
Reaching for love (Reaching for love)

(Feel the power) (Oh won't you feel the power)
(Don't walk away no no no no) (Feel the power)
(Can you feel it) (Can you feel it)
(Feel the power) (Power of love) (Power of love yeah)
