I'll be here, I'll be  
I'll be, I'll be  
I'll be here, I'll be  
I'll be, I'll be  
I'll be here

I never thought that I could carry on this way  
Missing you every second, wanting you each day

When you come around  
you know you drive me wild  
I never want the day to end  
But when you go away  
it's just another day  
I can't wait 'til we meet again

Is it the last time  
until we meet again  
Is it the last time  
until we meet again

Can't stop anticipating how you make me feel  
When you're not here I'm craving for the love you give

When you're by my side  
you make me come alive  
you take me where I've never been  
But when you're not around  
you leave me feeling down  
I just can't wait 'til we meet again

Is it the last time  
until we meet again

Is it the last time  
until we meet again

I'll be here, I'll be  
I'll be, I'll be  
I'll be here, I'll be

I'll be

Until we meet again  
Is it the last time  
until we meet again

I'll be here  
I'll be here  
I'll be here  
to turn to, say that you need me  
to turn to, say  
I'll be here  
Until we meet again

Is it the last time  
until we meet again  
I'll be, I'll be  
I'll be here  
Is it the last time  
until we meet again  
I'll be, I'll be  
I'll be here
