[Verse]

You off sides, better play your position  
Like lost dice, I'm what the game's been missin  
D. Swain's been fishin' for compliments, my  
competence  
Has been wasted, I ain't seen my conscience since the  
spillage  
Is he the illest? It depends who you ask that  
Type of nigga to make a beat from violins and a  
hatrack  
Humility, it stems from my cabbage patch  
Rooted in my friends and my habitat, matter of fact  
I chop a break fast for breakfast and  
Beat a nigga to the punch for lunch  
Dig in the bargain bin for dinner  
The skinny nigga done made good  
The media insists that I stay hood  
But I never was to begin with  
My penmanship is intricate  
But Jay already said that it don't get you shit  
So I would write it if y'all would get it  
All y'all would-be critics must've mistook me for an idiot  
I seem soft-spoken  
But I need not for you to open your mouth  
And hit me with obscene blog-postin'  
"What's so special about him?  
'Charm' is his best album  
But he need to stop it with all that Kanye West-  
soundin'"  
I +Heard It All Before+ like Miss Anderson  
Don't mess with broads no more, I kiss mannequins  
No Tylenol no more, I switched to Anacin  
Schizofrenic, I guess my sanity is scramblin'  
Ramblin', just to see if you're still here  
I would've been blown up, supposedly  
I came up with the Gnarlz Barkley concept and they  
stole it from me  
Even if everybody thinks I'm +Crazy+ I ain't never goin'  
under  
Before I do that, I'll use my fame to gain Raven-  
Symone's phone number

No sleepin' pills needed; my dreams fulfilled believe it  
I'm back!  
...mama, I made it
