Yeah

South Carolina stand the fuck up  
And if you ain't from around here  
I suggest you get from around here, ya'heard  
It's about to get real ugly

[Chorus]

You better tip-toe when you in the Metro  
Boy it's gettin' wild down here (so stay away)  
You don't wanna be found in C-Town, with your guard  
down  
Don't you know they smell your fear (so stay away)  
If you wanna run your mouth then them guns come out  
Boy Columbia don't play no games (so stay away)  
Cap City, everybody rap with me  
'Cause you know ain't a damn thing changed (so stay  
away)

[Verse 1]

Where niggas'll mean-mug ya  
Believe me, I seen the gutter  
They'll squeeze and release  
Leave your brains creamy like peanut butter  
Where cigarette smoke clouds the atmosphere  
And where they're trying to bring button-ups back this  
year  
I'm from the land of the free, the home of the brave  
Where sorry niggas take a stripper home to get laid  
And everybody roll up on twenty-inch chrome blades  
I guess their light bills won't get paid  
I'm from the city where the cops surround you  
Hold you down on the ground with them cuffs around  
you  
If you try to get tough, they'll pound you  
Lock you in a cell, face swoll  
All the inmates clown you  
Don't be surprised if you're gonna need a ride  
'Cause your car got taken, left the keys inside  
Little kids gangbangin' and they're just knee-high  
And if you're an out-of-towner they can see it in your  
eyes

[Danny! talking]  
Yeah, you see that?  
That's your brains splattered all over the sidewalk  
'Cause you just got popped  
Told you to stay away

[Chorus]

[Verse 2]  
Last Monday I saw niggas  
Just runnin' down Broad River  
Boostin' a gas station  
For money and hard liquor  
And every cop got a canine truck  
Last week I saw a grandmother throwin' gang signs up  
Even if you held your breath 'til your face turned purple  
You still can't escape gettin' chased down Percival  
Mexicans curse at you  
For steppin' on their turf, dude  
On Harden Street, they hardly beef  
Oops! That's a mistake yo, pardon me  
Over there, all they ever do is drink and smoke  
Cab drivers gettin' robbed, old women get choked  
Them Rosewood niggas  
Them up-to-no-good niggas  
They always plottin' on somethin', misunderstood  
niggas  
And if you ever wind up in Woodfield  
Watch your back homie, 'cause you could get killed

[Danny! talking]  
Yeah, peace to Ill Shawn  
Stay out of Woodfield, he'll tell you all about it  
When they pull out the AK it goes "thump-thump-  
thump"  
When they pull out the AK your heartbeat goes "thump-  
thump-thump", nigga  
I'm tryin' to tell ya

[Chorus]

[Verse 3]  
So Metro! Stand up  
Yo we pop a lot of junk like Fred Sanford trucks  
Police always got our hands in cuffs  
Niggas still walk around with their pants leg up  
Middle-aged women look like Michael Jackson does  
And you can't get a deal unless you rap about clubs  
Grimey niggas givin' daps and hugs  
Sayin' "that's what's up"

Then they stab you in the guts  
Bums piss in a cup, give 'em a minute and DAMN!  
Now they settin' up lemonade stands  
Motels double as whore houses  
So niggas on the block can get their rocks off  
Next thing you know they're in the clinic with their socks  
off  
Shoes off, green face  
Better stay away, it's a mean place

[Danny! talking]  
I'm tryin' to tell you man, stay the hell out of Columbia  
dog  
You don't even want it  
I wouldn't even risk it if I were you man  
One time somebody came here from Massachusetts,  
just visitin'  
And next thing you know this cat's on the back of a milk  
carton and stuff  
That's some serious stuff man  
I'd stay away if I were you

[Chorus]
