Father in heaven, we cry out to you
Jesus we call on your name
Spirit of mercy, oh come in your power
Oh God of glory and grace

Verse 1:

We cry out, in your name is the power
Cry out, in your name is the glory
Cry out, in your name is the love
To heal us and make us free

Verse 2:

We come before you and fall at your feet
Saved by your blood and your love
Fill us with power to speak in your name
So that the lost ones will come
