Blood on a legion of nameless shores  
- I beseech you!  
Skill of a thousand nameless whores  
- I invoke you!  
Holding the light away  
Twisting in my mind

Love of a legion of begging slaves  
- I exalt you!  
Screams of a thousand burning souls  
- I unleash you!  
Holding the light away  
Twisting in my mind  
Into the shadow's waking eyes

I invoke thee  
Blackened lord  
Night begins to crawl the skies

Kneel before your master  
Shadow self  
Taste the pain caressed by chains

Power of a legion of nameless lords  
- I command you!  
Locks of a thousand nameless doors  
- I unlock you!

Lash of the 6 soul-taking strokes

- I will feed you!  
Twisting in my mind  
Into the shadow's waking eyes

"Spiritus Pervertus Nymph"  
"Spiritus Pervertus Femme"  
Twisting in my mind

I invoke thee  
Blackened lord  
Night begins to crawl the skies

Kneel before your master  
Shadow self  
Taste the pain caressed by chains

I know he steals, my body is haunted  
Wicked voice in my spirit has control  
Blinded by the beauty of my darkness  
Makes me fly  
Takes me higher

I invoke thee  
Blackened lord  
Night begins to crawl the skies

Kneel before your master  
Shadow self  
Taste the pain caressed by chains
