All over your body [2x]

All over your body, baby I wanna be all over your body

[Danny]

All over your body, body

I wanna see what you got

Girl you know your a ten, you probably hear that a lot

So you run it, run it, that's why you here at my spot

You could've been anywhere else in the world, but your not

[Bridge]

Na Na Na, I know she wants to have a little fun

She picked the right one to get it done

I say the same things to everyone

[Chorus]

All over your body [2x]

All over your body, baby I wanna be all over your body

[Danny]

I know that she want it, want it

Cause she heard I'm the best

You heard so many rumors, let me put em' to rest

Na- now get on it, on it

Let me touch it, caress

And you must be a murderer, have you kill in that dress

[Bridge]

Na Na Na, I know she wants to have a little fun

She picked the right one to get it done

I say the same things to everyone

[Chorus]

All over your body [2x]

All over your body, baby I wanna be all over your body

[Belly]

No buddy, I am not a nobody  
Which you she's a good girl, with me she is so slutty  
Is he a comedian? Man, that boy is so funny  
Say he make it rain, baby he ain't throwin' no money

I can make it hot, It's the Summer time man  
And I be on that body like a Summer time tan  
Ha! it's your mother fuckin' Summer time jam  
So put this shit up, for the Summer time Man

[Chorus]

All over your body [2x]

All over your body, baby I wanna be all over your body
