It's you and me  
Let me play the lead role  
In your wildest dreams  
So baby tell me what's your fantasy  
Matter of fact just kick back I'll  
show you things you'll never believe(never believe)

I'm talking bout  
Candle light dinners  
Trips around the world  
There is nothing what I wouldn't give her  
If she was my girl  
She's never seen a winner  
Take a second and dream  
I'll show you things you never believe  
What's your fantasy?

Chorus:  
Let me be your Fantasy  
I know you dream of me  
Every time you fall asleep  
i can be your Fantasy  
And when you think of me  
Just close your eyes and dream

It's you and me  
Riding round the city on a shopping spree  
I can only imagine what you do to me  
Baby come back let me show you things you'll never  
believe

I'm talking bout  
Candle light dinners  
Trips around the world  
There's nothing what I wouldn't give her  
If she was my girl  
She's never seen a winner  
Take a second and dream  
I'll show you things you never believe

Let me be your Fantasy  
I know you dream of me ( I know )

Every time you fall asleep

Fantasy (I can be your fantasy)  
And when you think of me  
Just close your eyes and dream ( just close your eyes  
and dream just dream on me just just ...)

I'm talking bout  
Candle light dinners  
Trips around the world  
There's nothing what I wouldn't give her ( There's  
nothing what I wouldn't give her)  
If she was my girl  
She's never seen a winner (She's never seen a winner)  
Take a second and dream  
I'll show you things you never believe

Let me be your Fantasy (I know you dream of me)  
I know you dream of me  
Every time you fall asleep (Every time you fall in sleep)  
Fantasy ( I can be your fantasy yeah)  
And when you think of me ( ohh noo )  
Just close your eyes and dream

Let me be your Fantasy ( Trips around the world )  
I know you dream of me ( If she was my girl )  
Every time you fall asleep  
Fantasy  
(I'll show you things you never believe)

Let me be your Fantasy  
I know you dream of me  
Every time you fall asleep  
Fantasy  
And when you think of me  
Just close your eyes and dream

Let me be your Fantasy ( I can be your fantasy )  
I know you dream of me ( I know you dream )  
Every time you fall asleep ( Every time you fall )  
Fantasy ( I know )  
And when you think of me  
Just close your eyes and dream ( dream dream )
