Its 2 o'clock on the dot I was looking at my roll-e
Up in the club, ladies conversatin on me
That's when I saw ya, dealing with some next chick
Trying to ignore me, you think I didn't notice?
I don't snitch man its none of my business
But shorty's a friend of mine, she doesn't deserve this
Now I can't leave this alone
So I sent her the pictures on my phone

Its 3 a.m., I havent heard a word from you
And now you're running up in here
Thinking I don't have a clue?
But I'm on to you, cause I found out what you did
Boy you cut me wide open yes I admit
But now I'm just so over it

Don't you try to deny the truth
Cause you no longer have me fooled

So if ya gonna start sweet talking those le, lies to me
To try to make me stay, let me break it down
Baby boy I dare you, baby boy I dare you
Cause I know all the dirt that you, you've been dealing
in
But I bet you don't know who you're dealing with
Baby boy I dare you, baby boy I dare you

Step to me
How dare you lie to me?
Yeah yeah, how how dare you hide from me
Yeah yeah, I dare you to step to me

When I called you up
You said that you had got tied up
Boy I can read you like a book

So now our story ends abrupt
So don't push your luck
I'll give you three steps to get out of here
Boy I can't wait till you are gone
And I won't shed a single tear

Don't you try to deny the truth
Cause you no longer have me fooled

So if ya gonna start sweet talking those le, lies to me
To try to make me stay, let me break it down
Baby boy I dare you, baby boy I dare you
Cause I know all the dirt that you, you've been dealing
in
But you don't know who you're dealing with
Baby boy I dare you, baby boy I dare you

Step to me
How dare you lie to me?
Yeah yeah, how how dare you hide from me?
Yeah yeah, I dare you, she dares you, we dare you

Don't you try to deny the truth
Cause you no longer have me fooled

So if ya gonna start sweet talking those le, lies to me
To try to make me stay, let me break it down
Baby boy I dare you, baby boy I dare you
Cause I know all the dirt that you, you've been dealing
in
But you don't know who you're dealing with
Baby boy I dare you, baby boy I dare you
