It's so easy to love you
Baby you're my everything
You were my sunshine
When I was walking through all this rain
It's so easy to love you
Baby you're my everything
You were my sunshine
(You were my sunshine)
When I was walking through all this rain
It's so easy to love you

I woke up right beside you
Head in my hand
Staring at you while you sleep
Oh God, sometimes it feels like
God sent an angel to me
I can't believe it
No, I can't believe it
I never want to wake up from this dream
You and me
Are meant to be together
Forever and ever

It's so easy to love you
Baby you're my everything
You were my sunshine
When I was walking through all this rain
It's so easy to love you
Baby you're my everything
You were my sunshine
(You were my sunshine)
When I was walking through all this rain
It's so easy to love you

Woke up smiling
Staring at each other silent
Oh girl, I'm in heaven every time I wake up next to you
Am I dreaming? If I'm dreaming
I don't want to wake up without you
You and I together
Forever and ever

It's so easy to love you
Baby you're my everything
You were my sunshine
When I was walking through all this rain
It's so easy to love you
Baby you're my everything
You were my sunshine
(You were my sunshine)
When I was walking through all this rain
It's so easy to love you

I'll never forget
You baby, you baby
And my love is the best
True baby, true baby

I'll never forget
You baby, you baby
Sweet kisses on your lips
It's true baby, true baby

Baby you're my everything
(My everything)
You were my sunshine
When I was walking through all this rain
(I was walking, walking, walking, walking)
Baby you're my everything
You were my sunshine
(You were my sunshine)
When I was walking through all this rain
It's so easy to love you
