Sometimes the road just ends  
Changes everything you've been  
And all that's left to be  
Is empty, broken, lonely, hoping

I'm supposed to be strong  
I'm supposed to find a way to carry on

I don't want to feel better  
I don't want to not remember  
I will always see your face  
In the shadows of this haunted place

I will laugh, I will cry  
Shake my fist at the sky  
But I will not say goodbye

They keep saying time will heal  
But the pain just gets more real  
The sun comes up each day  
Finds me waiting, fading, hating, praying  
If I can keep on holding on  
Maybe I can keep my heart  
From knowing that you're gone

I don't want to feel better  
I don't want to not remember  
I will always see your face  
In the shadows of this haunted place

I will laugh, I will cry  
Shake my fist at the sky  
But I will not say goodbye

I will curse, I will pray  
I'll relive every day  
I will shoulder the blame  
I will shout out your name

I will laugh, I will cry  
Shake my fist at the sky  
But I will not say

Will not say goodbye

Will not say goodbye

Will not say
