Blowing out the candles  
On another birthday cake  
Old enough to look back  
And laugh at my mistakes

Young enough to look at the future  
And like what I see  
My best days are ahead of me

Life hasn't always been a party  
But mostly, it's been good  
There's only one or two things  
That I'd change if I could

I don't get lost in the past  
Or get stuck in some sad memory, yeah  
My best days are ahead of me

Age ain't nothing but a number  
Sometimes I have to wonder  
What does it really mean?

But hey, I'm still putting it together  
I keep getting better, if I keep getting better  
I can be whatever I want to be  
My best days are ahead of me

Age ain't nothing but a number  
Sometimes I have to wonder  
What does it really mean?

Hey, I'm still putting it together  
I keep getting better, if I keep getting better  
I can be whatever I want to be  
My best days are ahead of me

I've got sunsets to witness  
Dreams to dance with  
Beaches to walk on  
And lovers to kiss

There's a whole lot of world out there

That I can't wait to see  
My best days are ahead of me  
My best days are ahead of me
