Blowin out the candles
On another birthday cake
Old enough to look back
And laugh at my mistakes
Young enough to look at the future
And like what I see

My best days are ahead of me

Life hasn't always been a party
But mostly it's been good
There's only one or two things
That I'd change if I could
I don't get lost in the past or get stuck
In some sad memory, yeah

My best days are ahead of me.

Age aint nothing but a number
Sometimes I have to wonder
What does it really mean
But hey, I'm still putting in together
I keep getting better
If I keep getting better
I can be whatever I wanna be

My best days are ahead of me.

Age aint nothing but a number
Sometimes I have to wonder
What does it really mean
But hey, I'm still putting in together
I keep getting better
If I keep getting better
I can be whatever I wanna be

My best days are ahead of me.

I got sunsets to witness
Dreams to dance with
Beaches to walk on, and lovers to kiss
'Coz a whole lotta world out there

That I can't wait to see

My best days are ahead of me.
