What's my reason to believe when all your words?  
What's my reason to believe, when you deceive?  
What's my reason to believe when all your words?  
What's my reason to believe, when you deceive?

I've been on the wrong side all this time.  
I've even played your games, every day.

Our life is just a clock, ticking away.  
Before the time runs out, I want to have lived.

I know, I know  
It's not easy, I'm sure.  
I'm blind, your lies  
It's amazing that I've been on your side,  
no better than you.  
But now that's over, and I'm awake.

What's my reason to believe when all your words?  
What's my reason to believe, when you deceive?  
What's my reason to believe when all your words?  
What's my reason to believe, when you deceive?

I can't believe that I have been this way.  
I have to live with this every day.

Our life is just a clock, ticking away.  
Before the time runs out, I want to have lived.  
I know, I know  
It's not easy, I'm sure.  
I'm blind, your lies  
It's amazing that I've been on your side,  
no better than you.  
But now that's over, and I'm awake.

Now I won't play that game,  
I want to feel this way.  
Slowly I'll break this dark habit,  
and now I'm...

I won't play that game,  
I will feel this way.

I won't play that game,  
I will feel this...

I'm awake,  
I'm awake,  
I'm awake,  
Won't you wake up?

Wake up!  
Wake up!  
Wake up!  
Wake up!
