[SPOKEN]

Yo

See I met this girl

An angel

I don't even know her name

I call her Beautiful

She steps right out of a fairy tale

Coz she looks too good to be true

And she glows just like an angel

I'm the sun and she's the moon

CHORUS

Coz she's beautiful

She can make me happy

Although I don't know her

I know she's beautiful (beautiful)

She's so wonderful

The kinda girl you can marry

And if I could know her

Life would be beautiful (beautiful)

She has a smile like a rainbow

After rainy days (yeh yeh)

She touches my heart with eternal joy

And takes my pain away

She's like an angel here on earth (yeah)

A diamond in the sky

I wish I could hold her (hold her)

And truly make her mine (and truly make her mine)

And money can't buy what she's worth (no)

She's heavenly designed

Although I don't know her

One day we will unite (one day we will unite)

CHORUS

Coz she's beautiful

She can make me happy

Although I don't know her

I know she's beautiful (beautiful)

She's so wonderful (wonderful)

The kinda girl you would marry
And if I could know her
Life would be beautiful (beautiful)

From the moment that I looked into her eyes

I realised that there was meaning in my life
Girl I promise that I'll keep you in my arms
Be my queen until I die
My one desire

[SPOKEN]

Yeah
There ain't nothing I won't do for you baby
Ain't nothing I won't give you
I just wanna be in your life
You're so beautiful

CHORUS

Coz she's beautiful
She can make me happy
Although I don't know her
I know she's beautiful (beautiful)
She's so wonderful
The kinda girl you would marry (would marry)
And if I could know her (know her)
Life would be beautiful (life would be beautiful yeh yeh)

CHORUS

Coz she's beautiful
She can make me happy (takes away my pain)
Although I don't know her (know her)
I know she's beautiful (she's beautiful)
She's so wonderful (beautiful)
The kinda girl you can marry (can marry)
And if I could know her (know her)
Life would be beautiful (beautiful)

CHORUS

Coz she's beautiful
She can make me happy (so fine)
Although I don't know her
I know she's beautiful (I know, I know)
She's so wonderful
The kinda girl you would marry
And if I could know her (girl I know)
Life would be beautiful (girl I know)

Coz she's beautiful
