They got me 'cused for murder and I haven't even  
harmed a

Man

They got me 'cused for murder but I haven't even  
harmed a

Man

They got me charged with burglin' and I haven't even  
Raised my hand

The judge won't give me no fine

The judge won't give me no fine

Ain't but one thing could release me and that's so far  
Beside

I'll have to give you my number, 5994

I'll have to give your my number, 5994

Because I'll be there forever, I've have no other place  
To go

They got me 'cused for forging and I can't even write  
my

Name

Well they got me 'cused of forging and I can't even  
write

My name

And my eyes still don't miss, my baby left my poor  
heart

In pain

My baby left my heart in pain
