No I can't let you go
'cause you're a part of me
Every way you show
You're just the same to me

I could love more each day
Wanna believe everything you say
Let's dance the hours away

And when the night is calling
You'll realize my name
That tomorrow morning
We'll finalize the game
Oh, no I can't let you go

No I can't let you go
'cause you're a part of me
Every way you show
You're just the same to me

I could love more each day
Wanna believe everything you say
Let's dance the hours away

And when the night is calling
You'll realize my name
That tomorrow morning
We'll finalize the game
Oh, no I can't let you go
Oh, no I can't let you go
Oh, no I can't let you go
Oh, no I can't let you go
