I don't know why
but I wanted to try
just something inside me said 'go let it ride!'
I don't know why
why you had to straight fly
look in my eye and go tell me a lie

Tell me you want
what you really want now
I don't know why
but I'm still hanging around
I don't know why
I just wanted to try
just something inside me said 'go let it ride!'
I don't care what people say
I'm 'a love you anyway
I don't care what people say
I'm 'a love you anyway

I fell in the fire, in the glass and barbed wire
I dug through the shit till I found the sappihre
I fought through the crowd
and I swore and I vowed
I'd give it my best
and I scream it hard, loud
I need to find someone I can confide in
you can be Venus
and I'll be Poseidon

I don't know why
but I wanted to try
just something inside me said 'go let it ride!'
I don't care what people say
I'm 'a love you anyway
I don't care what people say
I'm 'a love you anyway

Are you a little lifeboat?
Are you a little shark?
Are you a little lighthouse?
squinting in the dark?

I'm gonna break this storm
and find my way back
You're the last match in the pack!

I don't know why
but I wanted to try
just something inside me said 'go let it ride!'
I don't know why
why you had to straight fly
look in my eye and go tell me a lie

I don't care what people say
I'm 'a love you anyway
I don't care what people say
I'm 'a love you anyway
I don't care what people say
I'm 'a love you anyway
I don't care what people say
I'm 'a love you anyway
