I'm headed for the door  
The walls are caving in and I'm running out of air  
This endless corridor  
Where every step I take is leading me nowhere  
I wanna take it take it break it break it tear it all down  
But I can't get this jacket off strap this on to hold me  
down  
Scream and shout  
Don't need no medication  
So doctor let me out  
Oh ---- Is it all in my  
Oh ---- Is it all in my  
Oh ---- Is it all in my  
Oh ---- Is it all in my head?  
Is it all in my  
Is it all in my  
Is it all in my  
Is it all in my head?  
Down the stairs  
I feel the breath  
I feel the stress by a pack of wolves  
A dirty love affair can cost you more than money  
I don't play by the rules  
I wanna take it take it break it break it tear it all down  
But I can't get this jacket off strap this on to hold me  
down  
Scream and shout  
Don't need no medication  
So doctor let me out... yeah  
Oh ---- Is it all in my  
Oh ---- Is it all in my  
Oh ---- Is it all in my  
Oh ---- Is it all in my head?  
Is it all in my  
Is it all in my  
Is it all in my  
Is it all in my head?  
Is it all in my head?  
I wanna take it take it break it break it tear it all down  
But I can't get this jacket off strap this on to hold me  
down

Take it take it break it break it tear it all down  
But I can't get this jacket off strap this on to hold me  
down  
Is it all in my head?  
Is it all in my  
Is it all in my  
Is it all in my  
Is it all in my head?  
Is it all in my head?
