"Break Of Day"

I was runnin' for the break of day
Come what may, come what may baby
I couldn't stay here anyway
Not today, not today baby
Just in time
Walked all night
Talkin to every dream inside
Tears I cried
Everytime love lied to me

So I tried to catch your eye
So I tried, one more try baby
Cuz I never really said goodbye
I know why, I'd make you cry baby
In my arms, all night long
I sang you every song of love ever sung
And touched you like the only one

Midnight, my heart seeks the light
Shadows collide they take me for a ride
And I'm flyin'
For the break of day

We were lookin' for the opening
Anything, anything baby
But nothin's ever what it seems
So it's only dreams, only dreams baby

Take my soul
Take apart every piece
Don't you know I give you everything & more
But it's too easy baby
That's why I'm walkin' out the door

Midnight, my heart seeks the light
Shadows collide they take me for a ride
And I'm flyin'
For the break of day

And there'll be someone else for me
Suddenly, tenderly baby
But maybe on a summer's breeze

A memory, comes back to me

Take my soul

Take apart every piece

Don't you know I give you everything & more

But it's too easy baby

That's why I'm walkin' out the door

Midnight, my heart seeks the light

Shadows collide they take me for a ride

And I'm flyin'

For the break of day
