Edgy's heart she hides away
Edgy's heart won't see the day
Edgy's heart I hope she's listening to me
when I sing it
can she see
that I mean it
and the moon in the sky
like the love in my eye
try's to find Edgy's heart
Edgy's heart
Edgy's heart

Edgy's heart she plays for dead
but Edgy's heart is cherry red
Edgy's heart is beating a sound
that I hear I can feel it
does she fear love
she needs it
cause she learning to smile

while she's turning the key
can I free Edgy's heart

and I think I caught a river
and it rushing tonight
and I think I caught a reason
and it's feeling alright
and I wonder if there'll
ever be a meaning
to the love in our loves
and will I find Edgy's heart
Edgy's heart
Edgy's heart

Edgy's heart she hides away
Edgy's heart won't see the day
Edgy's heart I hope she's listening
to me
