Don't know the time
don't really want to know
don't know the way
like I did before
I've been wandering all around
looking for the same ol' you
but I need somethin' new
new

I been alone
inside a crowd
I lost my home
but I'm still around
cold wind licking up
the back of my neck
reminding me of you
but I need somethin' new
new

I need somethin' sweet
somethin' strong
and somethin' deep
keeps me rockin' all night long
I been trying to find
baby you know I been trying to find

baby you know I'm just trying to find
somethin' new
new

the enemy who runs the world
has won the war and stole my girl
but oh babe I'm gonna keep on fighting
singing till the walls fall down
cause I need somethin' now

chorus

its what you feel
not the games you play
its what you do
not the things you say

I been standing
at the edge of the world
searching for the truth
cause I need somethin' new
new
new
now
