Woke up this morning
felt something was wrong
tried to put my finger on it
so I wrote this song
they say from space
the world looks blue
cause we're still waitin'
for love
still waitin'
someone got nothin'
someone gotta lot
somebody's buying cocaine
someone's buying stocks
out of balance
like a broken heart
cause we're still waitin'
still waitin'
we're still waitin' for love
we're still waitin' for some
still waitin'
can I run from the shape I'm in
can I run all night
run until I run again
one thousand year old redwoods
proof that god exists

cut down by corporate raiders
for hot tubs full of sins
so many souls spinning
out of control
cause we're still waitin'
still waitin'
yeah we're still waitin' for love
still waitin'
can I run from the place I been
can I run all night run until I run again
and I'm still waitin'
one man got a harem
and he got a priest
one woman got a husband
but she loves a thief
who gives her

everything she wants
but we're still waitin'
we're still waitin'
yeah we're still waitin' for love
we're still waitin' for some
still waitin' ...
