Oh I love you like the sights from my cold calf city  
Oh I love you like the sights from my cold calf city

I am wildcat, you are a worm  
And we're chasing each other and taking turns  
We aren't giving up, we aren't safe  
And we're chasing each other all over the place

I am wildcat, you are a worm  
And we're chasing each other and taking turns  
We aren't giving up, we aren't safe

And we're chasing each other all over the place

Oh I love you like the sights from my cold calf city  
Oh I love you like the sights from my cold calf city

I am wildcat, you're a worm  
And we're chasing each other and taking turns  
We aren't giving up, we aren't safe  
And we're chasing each other all over the place
