Yeah, Oooooooooo

[Music]

It was, it was September,
Wind blow, the dead leaves fall.
To you, I did surrender,
Two weeks you didn't call.

Your life goes on without me,
My life, a losing game.
But you should, you should not doubt me,
You will remember my name.

(Chorus)
Ohh Ember, you will remember.
Ember, one thing remains,
Ohh Ember, so warm and tender,
You will remember my name.
Your heart, your heart abandoned,
You're wrong, now bare the shame.
Like dead trees, in cold December,
Nothing but ashes remain.

Ohh Ember, you will remember.
Ember, one thing remains,
Ohh Ember, so warm and tender,
You will remember my name.

Ohh Ember, you will remember.
Ember, one thing remains,
Ohh Ember, so warm and tender,
You will remember my name.
