It gets better in time
That's what they say
Like everything's okay

And take it one day at a time
That's what they say
That's never been my way

Don't waste your time and watch your step
You'll be left with only your regrets

Stand your ground
Trust what you feel inside
Don't ever back down
And you won't be denied
The answers will be found
When you say your last good-bye
You're not second best
Don't settle for less
You're not second best
Don't settle for less
Yeahhhh

You know they're in a better place
That's what I hear
Go on and she'd a tear

They say I don't stand a chance
That's what I hear
It keeps ringin' in my ear

You can't take my pride just watch your step
You'll be left with only your regrets

Stand your ground
Trust what you feel inside
Don't ever back down
And you won't be denied
The answers will be found
When you say your last good-bye
You're not second best
Don't settle for less

You're not second best
Don't settle for less

Yeah eah eah

Don't waste your time and watch your step
You'll be left with only your regrets

So stand your ground
Trust what you feel inside
Don't ever back down
And you won't be denied
The answers will be found
When you say your last good-bye
You're not second best
Don't settle for less
You're not second best
Don't settle for less

Yeah

You were never second best
Aw no
