i love you not

we've been dating for a week  
and now you're asking me if i love you  
i don't know what to say  
hey, why don't we hit the hay  
i'll be your love slave in the morning  
pretend that we're okay  
you're moving fast  
don't get attached  
i think you're hot, but i love you not

when i'm with you  
i don't wanna hear the words that don't mean anything  
to me  
i don't love you  
i will never say those words that don't mean anything to  
me

we are nothing but a fling  
so don't expect a thing from me girl  
you're way too serious  
why don't you just build a bridge  
so you can get over it and me girl  
we're friends with benefits  
you're moving fast  
don't get attached  
i think you're hot  
but i love you not

when i'm with you  
i don't wanna hear the words that don't mean anything  
to me  
i don't love you, i will never say those words that don't  
mean  
anything to me

pathetic hopeless romantic  
this is why you never get it  
single is the way for me  
come play with me

you're moving fast  
don't get attached  
i love your bod  
(ooohhh baby)

you're moving fast  
don't get attached  
i think you're hot  
but i love you not

when i'm with you  
i don't wanna hear the words that don't mean anything  
to me  
i don't love you  
i will never say those words that don't mean anything to  
me

that's right!
