Hey, think back when you were just a little kid,
yeah When everything you did, you always had fun.
Lincoln logs and Tinker Toys.
At school the girls would chase the boys
For some dumb reason I always ran.
Kids just havin fun. Nothing on our minds. Never on the
run
Always havin a good time, A good time.
Hey think back when, you first started kindergarten.
When everyone in your class was your best friend.
Dig a ton of tunnels in the sand.
Painting pictures for our moms and dads.
Knowing that they would be so proud.
That "kid" resides in all of us, let it resound
Kids just havin fun. Nothing on our minds. Never on the
run.
Always havin a good time, A good time.
A good time. Always havin a good time.
Never wanting to grow old. Never wanting to grow old .
Never wanting toÂ... grow old
Hey ho hey ho
Kids just havin fun Nothing on our minds ooo
Never on the run.
Always havin a, always havin a
Good time, a good time
A good time, always having a good time,
never wanting to grow old.
