a night of no rest
i was laying on her breast
a morning of regret
i realized i slept with my friend
a silent good-bye
she gave me no reply
i asked her for a kiss, she answered with her fist
i fucked up again
i lost another friend
i am a user
i didn't mean to lose her
i couldn't keep my pants on
and she's hating me

unable to think, had one too many drinks
when we were in bed
i was using my other head
hating myself
i gave her no respect
feeling like a pig
regretting what i did
i saw her again
she used to be my friend

no conversation
i had no explanation
she looked me in the eyes and she said to me
she said it's over
she said it's over
she said it's over don't talk to me

she said it's over
she said it's over
she said it's over don't talk to me

and i said
i'm sorry
i'm sorry
