Well my name is Paul Fred  
I like to life a lot of weights  
I think that apple picking is a sure-shot "get laid" date  
I treat life like it's business  
I got no time for your games  
I had to buy a special sweat shirt  
Just to remember my name  
(kick it in)  
I can watch an episode of Seinfeld  
And not even hint a little laugh  
I sleep 'till four in the morning  
And then wake up and take a bath  
Well my housemates aren't serious  
It doesn't take too much to get them pissed  
But if I get a job in New York  
Well I'm sure that they'll be missed  
But now I just try to ignore them  
Because I've got my own demands  
I'm 27 years old and I run a t-shirt stand

But now I want to get a real job  
And I want to get one fast  
I'm gonna go into that interview  
And kick some fucking ass  
(spoken) Oh... why do I have to live with Andre and  
Crazy Dan?  
Haa chaa chaa chaa chaa chaa.....  
Well my name is Paul Fred  
But Fred Paul is alright  
I cook frozen pizza by day  
And I whip up omelets at night  
I wear a towel around my waist  
That doesn't even cover my thighs  
I close every single window  
When the room is 80 degrees fahrenheit  
Someday I'll escape this  
Someday I'll see the light  
I don't want to kill my housemates  
But someday I just might
