I want your boyfriend
In a box so I can send him off
Somewhere far away
Then we'll be the way
Like we used to be
Used to be

You want my girlfriend
All tied up so you can threaten her
Since I'm not with you
Now you're telling her
That you still want me
Still want me

[chorus]
I don't want to be second best
I've waited too long
I just want a second chance to be your first again

You're never satisfied
With anyone granted you're content
When you're boyfriend leaves
You'll be calling me
Then we'll cheat again
Cheat again

[chorus]

To be your first again
Why can't the feeling end?
To be your first again...

[chorus] (x2)
