#### VERSE 2

Sister Susan  
Needed affection  
Was loosin' her boyfriend and she  
Couldn't handle the rejection  
Drove her car down  
To a peaceful lake  
Drowned her children  
Sacrificed her sons for love's sake

#### CHORUS:

Somebody please tell me what the hell is going on!  
What the Fuck has happened are we heading to  
oblivion?  
All I know is that things are getting worse  
And our souls  
Keep on burning (Keep on burning)

#### VERSE 3

Father Johnny  
Loved his little girl  
He dressed her like a whore and  
Sold her to a sleazy world  
Then they find her  
In her basement  
Dead and molested and  
Everybody knows who did it!

#### REPEAT CHORUS
