I been in this game for a while I'm a paid man now  
On my sixth solo album I'm a made man now  
Six years strong in this game been doing my thang  
Eighteen, livin' a millionaire dream  
All my niggas worth ten G's  
Twenty on my Rolex five on my pinky ring  
In my younger day I was facin' penitentiary  
I was packin' 22s back in elementary

I done been through it all  
A muthafuckin' juvenile I can go through fall  
Hookin' up with my partnas takin' niggas to war  
Gettin' street drivers and poppin' up a nigga car  
Before the school bell ring I was smokin' a gar  
Runnin' to my mama residence off the set  
Snatchin' bundles of rock is something that I regret  
But I done shaken that life 'cuz B.G. got plans  
From being a wise guy to becoming a made man

I got the right to hold a K up in my hand  
'Cuz I'm a muthafuckin' muthafuckin' made man nigga

I got the right to hold a K up in my hand  
'Cuz I'm a muthafuckin' muthafuckin' made man nigga

I got the right to hold a K up in my hand  
'Cuz I'm a muthafuckin' muthafuckin' made man nigga

I got the right to hold a K up in my hand  
'Cuz I'm a muthafuckin' muthafuckin' made man nigga

Nigga I'm a made man gold mouth dog  
Tattooed and scarred up playboy my neck and wrist  
fog  
But these white folks tryin' ta bust a nigga balls  
Tru to life game spittin' since 96 boy  
Now I'm out cha with my homies and I'm actin' a hog  
True to what I seek tryin' ta live my songs fall  
Nigga outta line puttin' ten on his feet  
Muthafuckas creep, nigga want war, let's take it to the  
street

Me and my lil' B.G. tag teamin' in 93  
I keep it real with my family and my fuckin' peeps  
Nigga disrespect let's put the nigga to sleep  
I'm discreet about the things that I do on the streets  
Them niggas be sayin', "Baby, put that fuckin' boy to sleep"  
Them niggas be sayin', "Baby, put that change on his feet"  
I got these niggas sayin', "That boy baby's a crook"  
I got these hoes sayin', "That boy baby off the hook"

Lockin' down the whole project for self-respect  
And them police be sayin' I know he on paper he got a tech  
Nigga I'm a muthafuckin' made man  
Fuck with my lil' B.G's and nigga you a dead man  
Helicopters and choppers is what I save man  
I'm a paid man 'til I'm a dead man  
Nigga, I'm a muthafuckin' made man  
Say what?  
I'm mutha made man  
I got the right to hold a K up in my hand  
'Cuz I'm a muthafuckin' muthafuckin' made man nigga

I got the right to hold a K up in my hand  
'Cuz I'm a muthafuckin' muthafuckin' made man nigga

I got the right to hold a K up in my hand  
'Cuz I'm a muthafuckin' muthafuckin' made man nigga

I got the right to hold a K up in my hand  
'Cuz I'm a muthafuckin' muthafuckin' made man nigga

I'm on a level where I ride on dubbs now  
I'm on a level old timers give me love now  
I walk the street nigga respect the B.G.  
Because I made it I'm a major part of CMB  
Baby, gave me the game at a young age  
Handle yo business bust a head if you feel played  
And best believe I done took some niggas off the shelf  
God forgive me, I got a graveyard under my belt

I done walked in the killer shoes, the drug dealer shoes  
Done bad masked up and gave niggas blues  
I been in the game for a while I done graduated  
I feel deep down in my heart I can't be faded  
You don't know what I done been through to get to  
Where I'm at now cross me I'll flip you  
I'm doin' hella good but I done done bad  
I'm glad to say that I'm a made man

I got the right to hold a K up in my hand  
'Cuz I'm a muthafuckin' muthafuckin' made man nigga

I got the right to hold a K up in my hand  
'Cuz I'm a muthafuckin' muthafuckin' made man nigga

I got the right to hold a K up in my hand  
'Cuz I'm a muthafuckin' muthafuckin' made man nigga

I got the right to hold a K up in my hand  
'Cuz I'm a muthafuckin' muthafuckin' made man nigga

My nigga Juve a muthafuckin' made man nigga
