That's right, Cash Money took over this shit,
motherfuckers
Y'all don't know how ta do it, I'ma show ya how I live
Peep this shit out, lil' one

My pockets flooded with money like it been rainin' for
months
Put Jackie Chan outta business, tha way that I live stunt
Man, I'll spend fifty G's on just a chair and a sofa
Got tired of all that drivin', so I got me a chauffeur

Gettin' head watchin' TV on tha block of Magnolia
Give tha kids twenty dollars when I open my door
My grill like marble floors, was workin' with four
After we score, I laid there and got me six more

Now my body needs ta be treated, I'm 'bout to get
weak
Full of that shit, gon' kill that man, he got me hungry
and greedy
They call my watch tha North Pole 'cuz it's flooded with
ice
It's a bitch in tha day, a motherfucker at night

If somebody get my jewelry they'll be set for life
Buy a house before tha wedding and a ring for tha wife
Money ain't shit to me because I'm young and I'm
blessed
I don't carry no cash, it's credit cards, checks

Actin' like a nigga that ain't never had shit
Lookin' through my ben, sayin', there's some asses

Actin' like a nigga, that ain't never had shit
Lookin' through my ben, sayin', there's some asses

Actin' like a nigga, that ain't never had shit
Lookin' through my ben, sayin', there's some asses

Actin' like a nigga, that ain't never had shit
Lookin' through my ben, sayin', there's some asses

Nigga, I stretched tha Rover, stopped playin' with these
hoes
Got a hundred on my left, fifty on tha wrist, ho
Fuck, I be shinin' from tha clothes, cars, jewelry
Got seven-year-old children wan' grow up to be like me

Niggas pullin' up, drivin' off tha showroom floor
Got a mouth full of gold so I can boot these hoes
Somebody asked me tha time, I just had ta look back
Showed them tha baguettes on my watch and say how I
could see that

Got trillion cut earrings, so I can blind these hoes
I'm tha number one stunna, fuckin' rap hoes
Stun'n is a way of livin', ya fuckin' with my clique
Try ta pay tha dealership that sell tha shit that don't
exist

I got all my hoes ridin' Lexus coupe, two door
Put tha Cadillac up, it was movin' too slow
We Cash Money stunnas, money long as tha street
You wan' verify our cash, go ask First NBC, nigga

Actin' like a nigga, that ain't never had shit
Lookin' through my ben, sayin', there's some asses

Actin' like a nigga, that ain't never had shit
Lookin' through my ben, sayin', there's some asses

Actin' like a nigga, that ain't never had shit
Lookin' through my ben, sayin', there's some asses

Actin' like a nigga, that ain't never had shit
Lookin' through my ben, sayin', there's some asses

Look, look, bitches say, I stunt too much
It's okay 'cuz I can back it up
Know you gon' let me do, what I do
Rock my Rolie, ride drop-tops, too

'Til tha day I die, I'm gon' shine
Drive top of tha line, pop bottles of wine
Break bread with my clique of niggas, niggas
Toss hoes, take naked pictures, pictures

Rap, hustle, get paid, nigga, nigga
Try not to get a big head, nigga, nigga
Look, you like my watch, ha, you like my ring, ha
You like tha way it look and how it bling bling, ha

I got so many karats, I could feed ten rabbits
Got so much ice, cool me down when I wear it
Every nigga in my clique, bubble and glide
Every nigga in my clique sittin' low and high

Actin' like a nigga, that ain't never had shit
Lookin' through my ben, sayin', there's some asses

Actin' like a nigga, that ain't never had shit
Lookin' through my ben, sayin', there's some asses

Actin' like a nigga, that ain't never had shit
Lookin' through my ben, sayin', there's some asses

Actin' like a nigga, that ain't never had shit
Lookin' through my ben, sayin', there's some asses
