I be thug'n and it ain't no secret  
I run game so when it's ran on me I can peep it  
My mind frame set on stacking six figures plus  
I let 'em hang so when shit gets real heads get bust

I ain't the one that gets caught up and see an early  
grave  
Being all the way true to the game is how I was raised  
Niggas, I came up under got nothing but street ways  
Niggas, I came up under tote nothing but AK's

They sat me down schooled me where at an early age  
So off top I lay it down when I feel played  
Meet Lil fat Kenny, Faire and my dog Schraie  
When I catch you down bad, where you stand is where  
you lay

I don't plan for the future, I live day for day  
Cross my path I'll execute cha, respect what I say  
VL niggas play it raw, you could trust that  
I got the key in the car me and Baby got the glock and  
map  
We thugged out

I be thugging and it ain't no secret  
I run game so when it rains on me I can peep it  
I represent to the fullest what you 'bout I'm 'bout  
Freedom or jail I'm always gonna be thugged out,  
thugged out

I be thugging and it ain't no secret  
I run game so when it rains on me I can peep it  
I represent to the fullest what you 'bout I'm 'bout  
Freedom or jail I'm always gonna be thugged out,  
thugged out

Lil Geezy be thugging to the fullest  
Stay strapped, so when drama kickin' ready to pull it  
You want beef with my niggas, look here bring it on  
I'm 'bout that dome checkin', and I'm gone let it be  
known

I'm a roam, through your hood when I see you duck  
Whoever's on the block get's two 'cause I drop my nuts  
Realism is in my nature that's how it's gotta be  
I'm a fire that can't be put out ain't no stopping me

They don't call B.G. a Hot Boy for nothing  
I'm 'bout gangster shit  
And hoes know I'm working with something  
I was chillin' in Timbermen with my dogs thugging

Some niggas buckin'  
But alot of niggas button  
The UPT is where I stunt, nigga that's my hometown  
And everybody knows that on Sunday it be going down

So until I die I'ma be about that street shit  
I'm 'bout mine  
And I ain't the one you wanna beef with  
I'm thugged out

I be thugging and it ain't no secret  
I run game so when it rains on me I can peep it  
I represent to the fullest what you 'bout I'm 'bout  
Freedom or jail I'm always gonna be thugged out,  
thugged out

I be thugging and it ain't no secret  
I run game so when it rains on me I can peep it  
I represent to the fullest what you 'bout I'm 'bout  
Freedom or jail I'm always gonna be thugged out,  
thugged out

Look my block hot the law sleep every other day  
We beefin' off top, we creep every other day  
My dog Malcolm on a charge, he gets parole up in May  
He told me where he left the glock, K [unverified]

I run with niggas that's 'bout drama, well let's get funky  
Slip I duct tape your momma, my dogs are donkeys  
We 'bout are business, so you better act like you know  
Play possum, so its a must we play you like a fuckin'  
hoe

I'm true to the game, play it exactly how it goes  
I lay my rep down with the Benz off the showroom floor  
I'm swimming in a pool of hundreds  
Lil Dougie be thuggin', but Lil Dougie got beacoup  
money

Niggas know my click had the crowd buckin'  
Niggas know my click is the click that be on T.V. stuntin'

Niggas know my click is the click, play with us and we bustin'  
Niggas know my click is the click that be straight thuggin'  
We thugged out

I be thugging and it ain't no secret  
I run game so when it rains on me I can peep it  
I represent to the fullest what you 'bout I'm 'bout Freedom or jail I'm always gonna be thugged out, thugged out

I be thugging and it ain't no secret  
I run game so when it rains on me I can peep it  
I represent to the fullest what you 'bout I'm 'bout Freedom or jail I'm always gonna be thugged out, thugged out

Off top  
It's not a doubt that I gotta floss  
The hater wanna see me ducked out for sho
