I'm building on the Rock of Ages

Verse 1:

Down here we have to live life in a temporary home  
We are all just passing through and then we're moving  
on  
To places weighed from which to choose to spend  
eternity  
The time is now the plan just where our final home will  
be

Chorus:

I'm building on the Rock of Ages  
Rock of Victory  
As I work with all my heart, that Rock shelters me  
I know the Mighty Rock is Jesus sent to set us free  
I'm building on the Rock of Ages  
Solid rock eternally

Verse 2:

Christ died that mortal souls would have a future  
dwelling place  
Mansions in construction, a foundation has been laid  
So I will labor here below, my strength the Lord  
supplies  
Heaven waits beyond the grave where I long to reside

(Chorus)
