I go around...
The world, the sea, the ocean
I see a lot of lands
That you could never see...

I go around...
And if you wanna follow
You must leave your horse and
To take apart your heart...

Oh, I will become...
An eagle that flies only in the night
And you will become
An eagle going with me...

You and I...
Will conquer lakes and mountains
We'll build a big empire
Where you and I will reign...

You and I...
Will forget our past life
Will be not any drops
You'll never cry for me...
