[Leonel Valdez/Mario Linhares]

Little angel come with me  
Close your eyes and hold my hand  
Try ignoring any noise you hear  
It's the sound of the end  
That's coming

See the light in heaven  
It's the war that starts to rage  
Here the site of Armageddon  
In this day... pain and anger.

I'll protect you in this trip  
Mikhael is my name  
I'll kill anyone who nears  
My sword is blessed with fire  
And hatred!

See the light in heaven  
It's the war that starts to rage  
And the army of hell is avenging  
In this place Armageddon

'Cmon get up  
It's the time to wear metals and spikes  
Drink the blood of battle and kill  
Or die in fields of Armageddon  
Hey guys join us  
Choose your side in the battle  
And strike  
Crush the heads of these fucking bastards  
In the end we'll play  
Heavy Metal

See the light in heaven  
It's the war that starts to rage  
And the army of hell is avenging  
In this place Armageddon
