[Leonel Valdez/Mario Linhares]

I used to love many girls  
Touching all their bodies  
and making all them go insane  
Million games in the name of love  
Playing of cat 'n rat but only me did eat the cheese

Everynight got different places to go  
Jumping through the windows  
a shadow walking on tip toes  
Lilly or Margot, many tales to be told

Baby here am I again to stand and please your flame  
'cmon and now I'm gonna make you feel  
the floor and sky melting away  
you're gonna ask for more, through tears of joy  
I wanna hear your whisper that I'm your man!

But one day I knew Madelayne  
She had a body of goddess and a voice of mermaid  
Large lips, big breasts, what a butt!  
And her moans of pleasure it all drove nuts!

One night her husband came home  
Caught we both on bed when we were making love  
Trapped inside treason I was led to the prison

Baby here am I like a dead, a condemned man,  
The chains and pain, they show my way is short  
My head is closer to the blade,  
My days of luck is gone  
They're gonna take me to the slaughter  
I'm gonna die Madelayne!

Madelayne, why you allow that it happens to us?  
I'll never forget all the things we've made... Madelayne

Now I know my time has come  
I'll die but they will stay  
with the whores once I've fucked

And everytime their wives by hear my name

I know they're gonna cry, aloud, and I will laugh away  
Ha, ha, in hell where drinks and women and pleasures  
Are served and served good and fresh  
I know the place is hot but what I do is soft spot  
The life I asked to death! Madelayne!
