"In an earlier age Pandemonium - the first city of hell -  
stood on a lava mountain while lightning tore  
the clouds above it and beacons burned on its walls  
to summon the fallen angels"  
- Clive Baker, 'The Damnation Game'

Travel through space  
so ghostly withers the void;  
the veil of spheres my hands  
they search for hold world of spirits.  
A sea of rooms, a forest of nothing  
where a soul wanders imploring for substance...  
Decifer the majesty Leviathan.
