Where the northern winds are blowing, drying my  
tears,  
Freezing oceans tell their stories no one hears...  
Where you'll see no human trails on the snow,  
Yet I'm looking for the key to what we've lost...  
The world I've lost...

Where the storm won't break the silence, stifling my  
cry,  
On the endless way to heaven truth means lie...

Every single step we've made to run,  
It burns you down...  
It burns me...

Sky... is waiting for the end of times...  
I... need nothing but to see your eyes!

Sky... will never let us be apart...  
I... know all the keys are in my heart,  
My love!
