Desert... Night...  
Coyotes Feel the Cold Wave of The Dark  
Red Eyes eats through  
the Vast Nocturnal Landscape  
A Strong Light - The Only Night  
This is where he made Sculptures  
from the Visions that Created The Force  
Baphomet in Steel  
For the Flesh of Cain  
A Throne made by remains  
of 12 holy Disciples  
New Disciples rose,  
one by one, ten by ten  
All met under the Desert Moonlight  
Knowledge fired across the Landscape  
Sparks that mixed with Coyote Eyes  
Diabolic Forces in a Ceremonial Union  
And each Beast of the Land  
took its own way in Living  
(the) Seven forbidden things  
were Eternally Desecrated  
Kathaaria was Built - World without End
