He takes a stand  
And looks his enemy in the eye  
This goes no further

I have the upper hand  
This ends on my terms  
I challenge non-existence  
Every single day

The end of mind  
End of freedom  
End of everything

A most violent event  
Breaks individuality  
And turns out your shadow

In devastating light  
That push against our eye  
Dance to the blood-song  
In dream oblivion

He makes a point  
Of sticking to the lie

This is the last time  
I'm now done with this  
I carry my nothing  
Every single day

The end of mind  
End of freedom  
End of everything

Now with reality on end  
The fall of all morality  
Dance to the blood-song

In devastating light  
That push against our eye  
Dance to the blood-song

In dream oblivion

The end of faith  
End of meaning  
End of everything
