"Empty Me"

What I'd never abandon
We channel darkness well
The evidence in pools of blood
I cannot penetrate, I cannot penetrate

Will you come for my forgiveness (There's nothing left
to give)
No response to your repentance (Just empty me)

Wasted from the living days
I've been cut by endless shame
The blazing satisfiers
Who constantly give up

Where we got our love repentance
Bastards of life
To bring meaning to it all
Meaning to it all

Will you come for my forgiveness (There's nothing left
to give)
No response to your repentance (Just empty me)

Take now from this body
A coward's heart
Like a soul beyond repair
Empty me

Between the purity and reason
Self deprecation
Who has the misery, you
Why do we inspect ever closer
What human searches for the core for this
Cure for chaos

Will you come for my forgiveness (There's nothing left
to give)
No response to your repentance (Just empty me)

Lots of memories, lost and forsaken
I'm in the center, I've set the scene
I listen to the world stressing out

To stop pity and kill the light
