Let the horizon lead  
Onto the ether of the night  
Draped across  
the burning heavens  
Flying homeward  
like a bird of the soul

Shattered into a million brighter stars  
Each flare unique and rare  
Scattered across forever  
Out from creation's core  
An end beyond compare  
Iridium

Now is the time to leave  
We lie awake, we stand afire  
At the edge of the world  
Above a myriad of light  
Below the mantle of the stars  
And strangely they fall

Shattered into  
a million brighter stars  
Each flare unique and rare  
Scattered across forever  
Out from creation's core  
An end beyond compare  
Iridium

Shattered into  
a million brighter stars  
Each flare unique and rare  
Scattered across forever  
Out from creation's core  
An end beyond compare

An end beyond compare  
Iridium
