Hey
What is your life about today?

A pit of emptiness
A close resemblance
To what you thought is right or wrong
You don't belong
The face you hold
Is false

Drawn to the darkest emotions
Sworn to the borders of grief
Disguise, what sympathy
It's not supposed to be
I know you're faking it
So take a look around

Zero distance
From where do you see yourself?
Zero distance
How far are you willing to go?

A broken perspective
That you impose on thee
Innocent
Your fallen set of standards

You go beyond what is decisively human
Take from others what you do not have
What you cannot own
Wear the mask
Be the mask

You hide behind
You're not supposed to see
I know you're faking it
So take a look around

Zero distance
From where do you see yourself?
Zero distance

How far are you willing to go?

Zero distance

Can you see what I see?

Zero distance

How far are you taking off?

To the end

What you fear

Turn your whole

At the hand of misery

I want to see it all

Disgust for sympathy

A narrow bravery

I know you're fake again

So take a look around

Zero distance

From where do you see yourself?

Zero distance

How far are you willing to go?
