Some people like to be,
Friends like you and me,
But some people wanna push you around,
They don't wanna hear,
All the screams,
Or see the tears falling down your face.

You need someone,
Who can help you become,
Stronger and ready to stand up,
For yourself,
You need your heart,
Before you jump on the cart,
But this person is no one in particular coz.

They can't be heard,
No matter how loud they scream,
No one will help you be free,
You're shouting loud,
Come on be strong and proud,
Tell someone before their through,
With you.

La da La da x2
Ohoh

You should have each other,
Hold hand to hand,
But some people are stupid,
And try,
To be so cool,
So they try to dominate the school,
Well, if you're like that think again.

They can't be heard,
No matter how loud they scream,
No one will help you be free,
You're shouting loud,
Come on be strong and proud,
Tell someone before their through,
With you.

Can't they see that they will never be,
They way they wanna be,
They are just being childish, (owowwoh)
Just tell someone,
And then you'll be come free

Then you'll be heard
